

Does the shoe fit?

THIS WEEK: purple shoes

YES

Shoe expert Meghan Cleary loves Kristin's pairing of \$445 purple suede Cesare Paciotti pumps with a bohemian dress: "They pick up the bold print perfectly and are a fun contrast to her casual jean jacket."

Although they match her blouse perfectly, "Helena's clunky patent-leather pumps abruptly cut off the long streamlined silhouette of her trousers," says Cleary, who thinks a feminine pair of strappy purple sandals would have added a touch of lightness to the outfit.

Style psychology
"A woman who wears purple shoes carries herself regally and has a lot of confidence," says shoe expert Meghan Cleary.
